

TEDxBanbury 2021 Announcement!

‘Synergy’

TEDxBanbury is thrilled to announce ‘Synergy’ as the theme for the next event, scheduled for 18th September 2021! ‘Synergy’ presents an open-ended theme embracing Technology, Entertainment & Design, inspiring potential speakers and performers to develop talks and pieces that combine aspects from two or more disciplines or genres.

TEDxBanbury is aspirational, and is looking to attract extraordinary minds, with ideas that stand out, cut through and resonate globally. The Speaker Application Process is now open for individuals with a new and thought-provoking concept or innovation, which they would like to share on the TEDxBanbury stage.

Please keep an eye out for news of the Early Bird Ticket offer to be announced. “Those who came to our event in February will remember speaker and Crypto-currency expert Anton Mozgovoy, who generously designed a TEDxBanbury Crypto-token for our attendees, each with a unique code on the reverse. This code will secure a small discount on general tickets (excluding Early Bird) for a future TEDxBanbury event” said Hilary Beaton - TEDxBanbury.

“Given the current climate regarding COVID 19, TEDx Organisers worldwide are busy devising pioneering ways to safely host their local TEDx events. TEDxBanbury is looking in the first instance to curate a live audience event, with social distancing measures in place if necessary” said Karen Baldry - Lead Organiser. “In addition, we are exploring recorded and live streaming options, which would continue to have a value for our TEDxBanbury followers, whilst also offering a degree of audience participation. It is an exciting challenge, different and one which will be evolving constantly.”

There is an invitation to student speakers between the ages of 16-20 years to apply to speak, and 50% of the event day front of house team will be allocated to students who apply via the TEDxBanbury website.

TEDxBanbury extend a ‘thank you’ to all the partners and attendees who embraced the February 2020 event. The live talks to date have reached 9000 views. There are numerous ways to participate in next years event ‘Synergy’. For further information please go to <https://www.tedxbanbury.com>

About TEDx, x = independently organised event. In the spirit of ideas worth spreading, TEDx is a program of local, self-organized events that bring people together to share a TED-like experience. At a TEDx event, TEDTalks video and live speakers combine to spark deep discussion and connection in a small group. These local, self-organized events are branded TEDx, where x = independently organized TED event. The TED Conference provides general guidance for the TEDx program, but individual TEDx events are self-organized. (Subject to certain rules and regulations.)

About TED TED is a non-profit organization devoted to Ideas Worth Spreading, often in the form of short talks delivered by leading thinkers and doers. Many of these talks are given at TED conferences, including our annual gathering in Vancouver, as well as TEDWomen, intimate TED Salons and thousands of independently organized TEDx events around the world. Videos of these talks are made available, free, on TED.com and other platforms. Audio versions of the talks from TED2019 are published to TED's podcast TED Talks Daily, available on all podcast platforms.

TED's open and free initiatives for spreading ideas include TED.com, where new TED Talk videos are posted daily; TEDx, which licenses thousands of individuals and groups to host local, self-organized TED-style events around the world; the TED Fellows program, which selects innovators from around the globe to amplify the impact of their remarkable projects and activities; the Audacious Project, which surfaces and funds critical ideas that have the potential to impact millions of lives; TEDSummit, which gathers the most engaged members of the global TED community for brainstorming, discussions, performances, workshops and an eclectic program of mainstage talks; and the educational initiative TED-Ed. TED also has a growing library of original podcasts, including The TED Interview with Chris Anderson, WorkLife with Adam Grant, TED en Español and Sincerely, X.
